Thank you for fostering our Rescued Paws. This is a rewarding and vital part of their journey to a new life and we are happy that you can lend a helping hand to a needy paw.

For emergencies please contact:
NATALYA - 742 2379 or
ROXANNA - 641 8273 or
CONTRERAS VETERINARY - 587 0917

NEW LIFE FOR PAWS FOUNDATION will provide all dog/puppy food, playpens, toys and any medication needed for your new furry friend.

Your responsibilities as a foster family/parent are to provide a safe shelter, love and care to your rescued dog or puppy.

They will need feeding twice a day and fresh water daily. Social interaction with your family to help them adapt and become familiar with humans. Giving any medication, vitamins or antibiotics if needed. Monitoring their behaviour to look for any signs of sickness, unwellness etc. These signs could include loss of appetite, not wanting to drink water, lack of energy, vomiting, diarrhea or blood in their poop.
If you see any of these signs please contact us on one of the numbers above.

Thank you for becoming a Team Paws foster!

If you have any questions please do not hesitate to ask.
